UEI: T3TLV5VLQRT1 | CAGE: 9JB01 | SBA CERTIFIED TRIBAL OWNED SDB

WHO WE ARE

Aquila Rey JV is an SBA-approved Mentor-Protégé Joint Venture between Eagle TG, an SBA Certified Tribally Owned Small Disadvantaged Business (SDB), and Solerity. Our collaboration merges the deep industry expertise and proven performance of both companies to deliver comprehensive IT management, development, and operational services to the U.S. Government. At Aquila Rey, we are dedicated to fostering innovation, driving mission success, and delivering impactful results through a partnership that prioritizes excellence and collaboration.

▶ Small and SDB credit received by subcontracting work to Aquila Rey JV [FAR 52.219-19 (i)].

PAST PERFORMANCE

Enterprise Architecture, Data, and Engineering (EADE) II AFMC Data

Customer: U.S. Transportation Command (USTC)

Period of Performance: 10/2020 - 09/2022

Scope: Eagle TG delivered advanced data analytics and visualization for the EADE II Air Force Material Command (AFMC) Data project, supporting enterprise data management, data quality, and interface management to enhance data integration across AFMC's global air mobility mission. Using tools like Sparx EA and erwin, Eagle TG addressed data governance, interoperability, and migration challenges while ensuring compliance with DoDAF standards. This work improved data accessibility and quality, streamlining data flows and supporting decision-making for Command, Control, Communications, and Computer Information (C4I) systems. Eagle TG's contributions aligned with AFMC's strategic objectives, facilitating efficient and secure data management for global operation.

Integrated Booking System (IBS) II

Customer: Surface Deployment and Distribution Command (SDDC)

Period of Performance: 06/2020 – 09/2025

Scope: Eagle TG supports IBS development for SDDC, managing large-scale data processing and analytics with HPC infrastructure. Eagle TG enhances the IBS's data management, performance, and interoperability using service-oriented architecture, data integration, and middleware. This modernization effort supports mission-critical logistics by integrating diverse data sources, automating workflows, and optimizing user access across the Defense Transportation System (DTS). Eagle TG's expertise facilitates streamlined operations and improved data visibility, crucial for effective global cargo movement and distribution.

CAPABILITIES

- End-to-End Data Infrastructure Design & Management
- 24/7 Monitoring and Support
- High-Performance Computing (HPC) Infrastructure Design & Management
- Data Integration & Governance
- Algorithm Development & Optimization
- Machine Learning Deployment
- Big Data Processing
- Data Visualization Tool Enhancements
- Scalability Enhancements
- Certified Professionals: Our team includes AWS Certified Solutions Architects, ITIL V4 certified professionals, and CISSP-certified security experts.
